CHARGES FILED IN DALLAS MURDER CASE

Dallas, Tex., Nov. 6.—The exact nature of the charges upon which Meade Barr and Mrs. Ellie M. Lake have been held in connection with the Grand Jury investigation into the murder of Miss Florence Brown last July was made public for the first time yesterday. Two affidavits, one charging Barr with murder, and the other charging Mrs. Lake with complicity in the crime, were docketed in Justice Leslie Stewart's court after Justice Stewart had kept them secret for several days at the request of the officials in charge of the case.

The chief development in the Grand Jury's investigation yesterday was the identification of Meade Barr by a white man as a man he had seen in the Texas and Pacific yards near the Fair Grounds on the day of the killing.

The affidavit against Meade Barr was sworn out by Chief of Police John W. Ryan before County Attorney Currie McCutcheon on Oct. 29, charging Meade Barr with murder in connection with the death of Miss Brown on July 28. The affidavit charges that Barr cut Miss Brown's throat with a knife. This formal charge was made by Ryan on the morning he and McCutcheon left for Memphis to bring Barr to Dallas.

The affidavit against Mrs. Ellie M. Lake was sworn out by Chief of Detectives Henry Tanner on Nov. 1, the day after Ryan and McCutcheon returned from Memphis. The affidavit was taken by County Attorney McCutcheon and charges that Mrs. Lake on July 25, "did unlawfully advise, aid and encourage Meade Barr" to commit the crime with which he is charged.

The first definite attempt to secure the release of Mrs. Ellie M. Lake, who has been held in the county jail since last Saturday on an affidavit charging her with complicity in the crime, was made yesterday afternoon when Attorney D. D. Bird of the firm of Bird & Bird filed an application for habeas corpus in the Criminal District Court No. 2. Judge W. L. Crawford Jr. set the hearing upon the application for 2 o'clock this afternoon.

Meade Barr was brought back to Dallas from Waxahachie by Sheriff Brandenburg yesterday afternoon at 2:30 o'clock on an interurban car. He was taken before the Grand Jury, remaining in the Grand Jury room until nearly 4 o'clock, and then he was allowed to go into one of the county attorney's offices for a private talk with his sister, Mrs. C. E. Sanders. He was then taken in charge by Chief of Police John W. Ryan and Chief of Detectives Henry Tanner who drove him in an automobile across the viaduct and then "doubled back" into town, placing Barr in the county jail for the first time.

Funeral of Rev. J. L. Keller.

We are informed that on account of a request from the State Baptist convention, now in session at Chickasha, and the arrival of G. L. Keller, a son, from Spokane, Wash., the funeral services of Rev. J. L. Keller have been changed from Friday to Saturday, Nov. 8, at 2 p. m. at the First Baptist church building at Shawnee. Rev. Stubbins of Ada, assisted by several other prominent Baptist ministers, will officiate in the services.—Shawnee News-Herald.

REDUCED LEGISLATURE QUESTION FOR DEBATE

Norman, Okla., Nov. 6.—Whether the states should adopt the proposed plan for a legislature of a single house of a few members is the question to be discussed in the coming triangular debates in which the universities of Oklahoma, Kansas and Colorado annually contest. The question was one of three submitted by the Kansas debate authorities, and it received the vote of the Oklahoma oratorical council on account of the wide interest now being manifest in the proposal throughout the state.

A debate with the University of Arkansas is also a possibility, since a request from that institution is being favorably considered by the oratorical council. Professor B. F. Tanner who has charge of public speaking in the University, was authorized to proceed with the necessary arrangements for the contest, urging that the Arkansans agree to a debate on the same subject as the triangular debate.

Preliminary try-outs for places on the teams to represent the University will be held some time before the holidays, the date and conditions to be announced later. Work on the question, however, has already begun, and although the newness of the question makes material rather difficult to obtain, great interest has been manifested on the part of those who hope to represent the University on the debate platform.

HUERTA STILL REMAINS SILENT

Washington, Nov. 5.—Waiting for word from Provisional President Huerta—this was the attitude of official Washington today on the Mexican situation. Administration officials still refused to shed any light on the last communication, which conveyed to Gen. Huerta the desire of the United States that he eliminate himself from the tangled situation.

Their attitude is that to discuss publicly the delicate phases of the problem might defeat the ends being sought.

The feeling at the National Capital is none the less one of intense interest, especially as to what course will be pursued if Gen. Huerta declines to resign.

It was evident to those who talked with President Wilson about the situation today that he was calmly awaiting developments. He has told his friends that he would continue to use peaceful means in an endeavor to solve the situation, and would not be

disturbed by predictions of armed intervention.

The belief is general here that the problem is being worked out with extreme secrecy in diplomatic channels, and that only when some tangible conclusion has been reached will there be any official announcement.

There was no collective opinion in official circles as to what Huerta's reply to the American representations might be. No man ventured predictions, and so far as could be learned no intimation had been received as to Huerta's future attitude.

Mr. Bryan flatly refused to discuss the Mexican situation in any of its phases today. The secretary of state was asked particularly about a published report that Gen. Huerta had made a reply to a recent communication from the United States, and he refused to confirm or deny it.

METHODIST CONFERENCE AT NORMAN

Norman, Ok., Nov. 5.—The third annual meeting of the West Oklahoma Conference of the Methodist Episcopal church, South, convened in this city this morning at 9 o'clock, Bishop Edwin D. Mouzon of San Antonio presiding. This conference includes all of Western Oklahoma north of Red River and has about 130 delegates. Two hundred ministers and lay delegates are in attendance and are being well entertained by the citizens of Norman. Rev. R. S. Satterfield of Pauls Valley was elected secretary and Rev. M. F. Sullivan of Snyder, assistant secretary. The regular standing committees were appointed at the first session.

Out-of-state visitors were introduced by Bishop Mouzon, as follows: Dr. Stonewall Anderson of Nashville, educational secretary; Dr. W. B. Hays of Little Rock, editor of the Western Methodist; Dr. L. S. Barton of Dallas, commissioner of the Southern Methodist University at Dallas, and Dr. J. S. Chadwick of Nashville, assistant editor of the Christian Advocate.

Dr. W. B. Hays preached at 3 o'clock the educational anniversary was held tonight, with Dr. Anderson presiding.

Presiding elders made reports on their districts and their characters were passed. The reports indicate a substantial growth in the conference during the last year.

Two ministers only have died during the last year, Dr. A. J. Morley of Wynnewood and Rev. M. A. Clark.

An interesting feature was the roll call of superannuated ministers. There are fourteen of these in this conference. The hours of the regular business sessions are from 9 a. m. to noon, the afternoons being devoted to devotional services and meetings of different committees. The conference expects to be in session until Monday morning.

SEMINOLE NEGROES WANT TO RETURN TO AFRICA

Wewoka, Okla., Nov. 6.—Chief Sams, a negro alleging that he represents a New York company that has purchased a ship that is to sail in February for Gold Coast Africa, held a mass meeting of negroes at Lima in Seminole county yesterday afternoon. At this meeting \$3,384.05 was subscribed by the negroes present. Each negro is to pay \$25 which is supposed to purchase a share in the ship and passage to Gold Coast.

It is said that the ship the negroes are buying cost \$69,000 and that it must be paid for by January 1. Of the purchase price \$15,000 has been subscribed. An investigation has been started by the British government to verify the authenticity of the negro's scheme.

There are between two and three hundred negroes of this county who expect to join the colony at Gold Coast.

Tackle Catarrh Now Be Free All Winter

Avoid Colds, Stalk Pneumonia, Keep Your Nose Clear and Your Throat Free.

Don't Wait Till You're All Bunged Up. Use S. S. S. Now.

If you will go into any first class store and get a bottle of S. S. S. you are on the way to getting rid of Catarrh. But don't let anyone work off that old trick of something "Just as good."

S. S. S. is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, comes through all the veins and arteries, enables all mucous surfaces to exchange inflammatory acids and other irritating substances for arterial elements that effectually cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucous accumulations, enables only pure, blood-making materials to enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in the process of purification.

The medicinal components of S. S. S. are relatively just as essential to well-

balanced health as the nutritive properties of the grains, meats, sugars, and fats of foods. Any local irritating influence in the blood is rejected by the tissue cells and eliminated by reason of the stimulating influence of S. S. S.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system.

You will find S. S. S. on sale at all drug stores. It is a remarkable remedy for any and all blood affections, such as eczema, rash, lupus, tetter, psoriasis, boils, and all other diseased conditions of the blood. For special advice on any blood disease write to The Swift Specific Co., 202 Swift Bldg., Atlanta, Ga.

Do not trifle with substitutes, imitations or any of the hordes of "Just as good" Counterfeits of S. S. S.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less meat if you feel Backache or have Bladder trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acids of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

DISTRIBUTION OF INDIAN SCHOOL MONEY

Plans for the distribution of the \$300,000 congressional appropriation to 2,000 school districts in 40 counties in eastern Oklahoma, in lieu of tuition for approximately 13,000 Indian children who attend the state schools outside of incorporated towns, have been perfected by the U. S. Indian school offices here, and approved by the department at Washington.

Distribution will be under the supervision of John B. Brown, U. S. Indian school supervisor, and Calvin Ballard, day school supervisor. The checks will be issued by the disbursing department of the Indian agency, direct to the county treasurer of each of the 40 counties.

Following is the basis upon which the payments will be made: In all school districts outside of incorporated towns, having eight or more Indian pupils, tuition of ten cents a day based upon actual attendance, will be paid for the fiscal year. If this tuition is not sufficient to extend the term of school to eight months, the deficit will be paid by the government.

In all other districts having voted a levy of five mills or more, which are unable to maintain the school for a term of eight months, the government will pay a lump sum sufficient to extend the term to that time. If the district votes a levy above five mills, a premium of five per cent for each additional mill above five mills will be paid. Minority schools will receive assistance for a term equal to that of the majority school in the same district.

The balance, if any remains, after the above payments have been made will be distributed on a per capita basis in accordance with the state enumeration of children of school age in each district.

Work will be begun on the detailed statements for each district at once, and the checks will be issued shortly after the first of the year. It is readily seen that hundreds of state schools will consider the money paid as a life-saver for the district institutions where the total population is small, but the percentage of Indians large.

There were 23,442 Indian children attending country or city state schools in eastern Oklahoma last year, and 2,284 freedmen children. This included Indian children of all degrees of citizenship in their tribe, from full-bloods down to a mere trace of Indian blood. Last year there were 12,000 Indian children attending schools outside incorporated towns, and this is about the number upon which this year's distribution will be based.

Although no figures have been compiled as yet, it is probable that Carter county will get more of the money than any other county or at least as much as any. Muskogee county will get a big share on the ten-cents a day tuition basis. The appropriation is the result of the supreme court decision declaring certain Indian lands non-taxable by the state.

Lucky Recovery of Rings.

The wife of a British army officer in India placed a number of valuable rings on a stand in her bedroom in their bungalow. They were missed shortly after a great snake was seen gliding away to the nearby jungle. Servants went on a snake hunt, and after killing seven serpents were fortunate enough to get the one that had swallowed the rings.

The Plot Against the Governor

The dramatization is a fine and clean one. No blood and thunder—no undue sensationalism. Just the plain facts of what political life has become in—say—the State of New York, for example. And those facts are most intensely interesting than any impossible murder or ridiculous travesty on life ever shown on a 14th Street screen. This seems a good opportunity to hammer that fact home. No sensational story or dramatization of crime or scandal is half so interesting—convincing—gripping—as that which may and does happen in actual life—day by day.

LITTLE ELOISE MASON CALLED BY DEATH

About 4:30 Wednesday afternoon little Eloise, daughter of Mr. and Mrs. B. A. Mason, was called from earth to the great Hereafter. She had been ill but a few days and her untimely death was a great shock to all the many friends of the family. The funeral and interment will take place either late this afternoon or Friday morning, depending on the arrival of Mrs. Cooper, sister of the deceased.

The loss of their little girl is a crushing blow to the parents. Being the only one at home she was the hope and delight of her parents, and they looked forward to the day when she should blossom forth into lovely young womanhood, the pride of their old age. She was a bright child with a lovable disposition and the future indeed seemed bright to her and the fond parents. Their many friends would gladly say some word of comfort in this dark hour, but at such times there is nothing left but the hope of a bright reunion in Eternity. Truly death loves a shining mark and only Giver of life can conquer its power, which now masters mortals, and mocks our feeble efforts to stay his hand and keep with us those who are near and dear in our own lives.

This evening the Majestic will present some extra good ones. The first picture will be The Young Mrs. Eames, an emotional society drama in two parts. The Joys of a Jealous Wife is a lively comedy in which Maurice Costello is the star. Bingle's Nightmare and Sissybelle complete the program. Can you beat it

Real Things of Life.

Conventional orthodoxies, whether they be of manners, or of ways of life, or of thought, or of religion, or of education, are unimportant. What then remains? Courage, and patience, and simplicity, and kindness, and beauty, and, last of all, ideas remain; and these are the things to lay hold of and to live with.—A. C. Benson.

Criminals Dark-Eyed.

Over 75 per cent of the world's bigamists have had brown eyes. That is an amazing fact. "I can tell a criminal by his eyes," said Vidocq, the famous French detective, and in dozens of cases he stated that his suspicions were first aroused by seeing the eyes of the guilty person. He added that it was a remarkable fact that the majority of criminals, with the one exception of murderers, are dark-eyed.

Singularly Productive Tree.

Perhaps the most productive of all trees is the carnamba tree, similar to the palm which flourishes along the Rio Grande. When it is young it produces vinegar, while the roots have a taste similar to sarsaparilla. The branches give forth nuts which when roasted can be used as coffee. The tree's wood is serviceable to make musical instruments. Lastly there is a wax extracted from it that is used to make candles.

MORE CATTLE TO BE FED AT CHOCTAW MILL

The Choctaw Oil Mill Co. has signed a contract for another bunch of 600 cattle to be fed in the pens here. About that number are already on feed here.

The mill has had fairly smooth running during the present season with nothing of any consequence to delay

the operation of the mill, except some trouble with wet seed. The season's run will last until January 1, or possibly longer.

We still have some McAlester and Henrietta Coal. Prepare for the cold and rainy weather by ordering now.

BOTTLE MADE VOYAGE ACROSS ATLANTIC OCEAN

Rochester, Pa., Nov. 6.—When the Beaver river was at flood height last March, Clarence Mitchell wrote a note signed his name and address and sealing it in a bottle, tossed the bottle into the flood. Last night he received a letter from Frank Warthing in Glasgow, Scotland, saying he had picked up the bottle on Scotch coast two weeks ago.

The bottle to reach its landing place had floated down the Ohio and Mississippi rivers to the Gulf of Mexico, and making its way out into the Atlantic had drifted to Scotland.

GOOD AUDIENCE AT NORMAL ENTERTAINMENT

"The Elopement of Ellen" the play given at the normal auditorium Wednesday evening, was beyond doubt one of the best ever produced by Normal talent. The cast of characters was unusually strong and every performer carried out his role to perfection. A strong and entertaining feature of the occasion was the excellent music furnished by the normal orchestra. The play was produced under the direction of Mrs. M. L. Perkins, and was given to raise funds to send delegates to the national meeting of the Y. M. and Y. W. C. A., which will be held at Kansas City in the near future. A large audience was present.

GRAND LEADER ADA, OKLAHOMA

CAPITOL PETITION GOES TO SUPREME COURT

Oklahoma City, Nov. 6.—Convinced of the uselessness in hearing charges of fraud in the petitions relative to the referendum on the appropriation feature of the state capital bill passed by the last legislature, Secretary of State Ben F. Harrison today dismissed the protest to the petitions that had been filed by Oklahoma City people. The protestants immediately served notice of an appeal to the supreme court. The case will there be tried as a new one, no evidence of any kind having yet been taken.

In his action on the matter, Secretary Harrison was firm in the belief that the evidence sought to be offered would not serve the purpose for which it was intended, because in his view of the late supreme court opinion the very things alleged to be wrong with the petitions and which it was claimed would invalidate them were of such insignificance that the court in its opinion did not consider them, and for that reason the secretary took the view that they were unimportant.

Speaking for the protestants, Attorney W. A. Ledbetter declared that "fraud from beginning to end" would be shown in the preparation of the petitions. He stated that many petitions would be shown where the names had been written by the same person, where the names of persons appeared from one county where they were in reality residents of another county, and where the petitioner's name had been written by the circulator of the petition. All these the secretary held had been before the supreme court before and that body did not consider them of enough importance to mention in the decision rendered, and he did not believe he would be justified in hearing evidence the nature and effect of which he thought had been well considered.

Attorneys for the protestants took issue with the secretary on the claim that the supreme court had not passed on the questions referred to by the secretary and said it was a reflection on the court to say it had. Secretary Harrison denied any intent at reflection on the high court and said all these things were before the court when the opinion was given, and if the highest tribunal in the state took no notice of such matters it was more than useless for him to spend weeks and possibly months hearing evidence.

The appeal to the supreme court will be perfected at once and all efforts possible made to advance the case to an early settlement. When it gets to the supreme court that body may then pass upon the question again of whether the evidence to support the charges made is of sufficient importance to hear it.

Nat C. Goodwin as "Fagin" in "Oliver Twist."

The motion pictures of the famous comedian, Nat C. Goodwin, as "Fagin" in Dickens' "Oliver Twist" will be shown at the DeSota on Monday, Nov. 10th. Mr. Goodwin will probably never again appear in person in public owing to his recent accident in California. This will likely be the only opportunity at seeing the famous comedian again. In these pictures will also be seen the entire star cast which presented this play for an entire year at the New Amsterdam and Empire Theatres in New York. It will be found that these pictures will make an epoch in entertainments of this class. To quote the Philadelphia Press, "It is the most satisfactory picture entertainment ever brought to this city." It is not (to be absolutely accurate) an exact representation of the play as given on the open stage for in many ways it is a more acceptable interpretation of Dickens' story inasmuch as it has been possible to present a larger number of episodes than can be done in an ordinary play and to make swifter changes of scenes.

C. & C. ASSOCIATION WILL BEAUTIFY CEMETERY

The News learns from Mrs. George Kice, vice-president of the Civic and Cemetery Association, that that active organization has purchased \$25 worth of fine bulbs which will be used in beautifying the cemetery. Also the association is planning to erect a large ornamental gate at Rosedale cemetery and a smaller one at the old cemetery.

The organization devoted most of its energies during the summer to the cleanup crusade, but will now give attention to the cemeteries.

OKLAHOMA BRIEFS.

Oklahoma City.—On the showing that E. W. Gist of Purcell had been fined and released on a plea of guilty before an alternative writ had been issued the supreme court dismissed Gist's application for a writ of habeas corpus under an information charging him with having played pitch for money.

Oklahoma City.—Governor Cruce today received an inquiry from the British government regarding the responsibility of Alfred C. Sams, colored, said to be selling shares in a steamship to sail for Gold Coast, West Africa at \$25 each.

Enfauila.—A negro, who refuses to give his name or converse with anyone, has been jailed here on the charge of killing Shaw Brandon, white farmer and well known in McIntosh county at Brandon's home near Brush Hill, last Friday night. The killing is reported to have occurred as the result of a dispute over wages.

Oklahoma City.—A two weeks campaign of missionary evangelism will be held here beginning December 7, during which time many of the leading workers will be in conference.

Local Y. M. and Y. W. C. A. Honored. The seventh International Student Conference of the Y. M. and Y. W. C. A. meets in Kansas City, Mo., Dec. 31 to Jan. 4. The local associations have been invited to send delegates and at a recent meeting held for that purpose Miss Fannie Henderson and Mr. Harry Simmons from the students and Miss Eva Messenger from the Faculty were elected with these very strong representatives the local associations will be in the front ranks of the great convention.

CHANGE IN LOCAL TELEPHONE OFFICE

John Thatcher, who for the past four years has held the position of manager of the Pioneer Telephone Co. at Ada, has accepted the position of general manager of the Francis Telephone Co. with headquarters at Allen. He will be succeeded here by a Mr. Hart from Hobart.

Mr. and Mrs. Thatcher have made many warm friends here during their stay. Prior to their coming the average time of a manager was less than a year, but during the past four years things have usually been very harmonious all around. Under Mr. Thatcher's management the local service has more than doubled and the rural service has been extended from almost nothing to a net work of lines embracing practically all the county.

OPENS UP NOSTRILS, CLEARS HEAD ENDS COLD OR CATARRH AT ONCE

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops.

Try "Ely's Cream Balm."
Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. The sweet, fragrant balm dissolves by the heat of

the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharge and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

(Adv.)
